

OSEA
OFFSHORE ENERGY WEEK

19 – 21 NOVEMBER 2024
MARINA BAY SANDS
SINGAPORE

OSEA 2024 welcomed over 500 exhibiting companies and 15,000+ attendees from 100 countries, providing a dynamic showcase of innovative solutions and strategies driving the energy transition in the offshore energy space. The OSEA Conference set the stage for a bold vision of tomorrow's industry landscape, featuring insights from 70+ global thought leaders. Across the three-day event, attendees delved into over 60 content-rich forums, immersing themselves in a diverse array of insightful topics and dynamic discussions.

OSEA 2024 wasn't just an event; it was a catalyst for transformation in offshore energy.

Testimonials

“It's been quite realistic about decarbonisation and new energy side, but also has the traditional old energies here as well. And that together in one place is exactly the kind of conversation that is important for us.”

David Linden

Executive Director, Head of Energy Transition
Westwood Global Energy Group

“Engagement from all the thought leaders, definitely very rewarding for us.”

Matthew Tseng

Vice President, Projects
Yinson GreenTech marinEV

OSEA returns **24 – 26 November 2026!**
