2019 IN NUMBERS

AOG 2019 brought together professionals from across the oil and gas industry. 2019 was all about embracing the energy shift; connecting and engaging the industry to move forward and embrace the current market.

The biggest and busiest AOG in recent years, a buzzing show floor and 20% larger exhibition was a great reflection of both the improved sentiment of the industry and the importance of AOG as a platform for collaboration and new perspectives year on year.
