Connecting you to Asia's Multi-billion Dollar Energy Transition Project Investment Opportunities

Future Energy Asia (FEA) is the region's leading energy transition forum, providing unparalleled access to the government and industry leaders transforming the energy value chain in Asia and worldwide.

Over three days, Future Energy Asia will gather international ministers, policymakers, to analyse critical trends shaping the energy landscape, drive innovations that will forge new pathways in the transition to net zero, and build partnerships that will bring us closer to making energy accessible, secure, and affordable for all. Future Energy Asia will tackle global energy issues from an Asian perspective.

Taking place at the Queen Sirikit National Convention Center, Bangkok (Thailand) from 15-17 May 2024, the sixth edition of Future Energy Asia is pivotal for the industry and the region. It will be a further critical dialogue around Asia's contributions to the global energy transition and spotlight the region's ongoing decarbonisation efforts.

Hosted by the Kingdom of Thailand's Ministry of Energy and organised by dmg events, Future Energy Asia 2024 will welcome over 21,000 visitors to Bangkok. The exhibition floor will host over 350 companies from more than 70 countries showcasing the energy sector's vital role in meeting global energy demands and unlocking the potential of a decarbonised future.

The Strategic Summit and Technical Conferences will convene over 400 expert speakers and 2,000+ senior decision-makers for more than 250 sessions. Enabling the strategic action required to navigate this crucial moment and offering delegates key insights into vital progress that is being made towards achieving net-zero ambitions, regionally and globally.

Why Showcase At Future Energy Asia?

Raise your company's profile beyond the exhibition stand and event footprint at Future Energy Asia 2024 before, during and after the show.

Be seen as an agent of positive change transforming the energy landscape.

Amplify the key messaging of your brand and access exclusive platforms to showcase how your solutions can help drive the energy industry forward.

Demonstrate your support for high-level local and regional industry partners and governments.

Help set the region's energy transition agenda at the gathering of Asia's most influential industry leaders, reinforcing and enhancing your brand's positioning in the gas, LNG, renewable and energy industry.

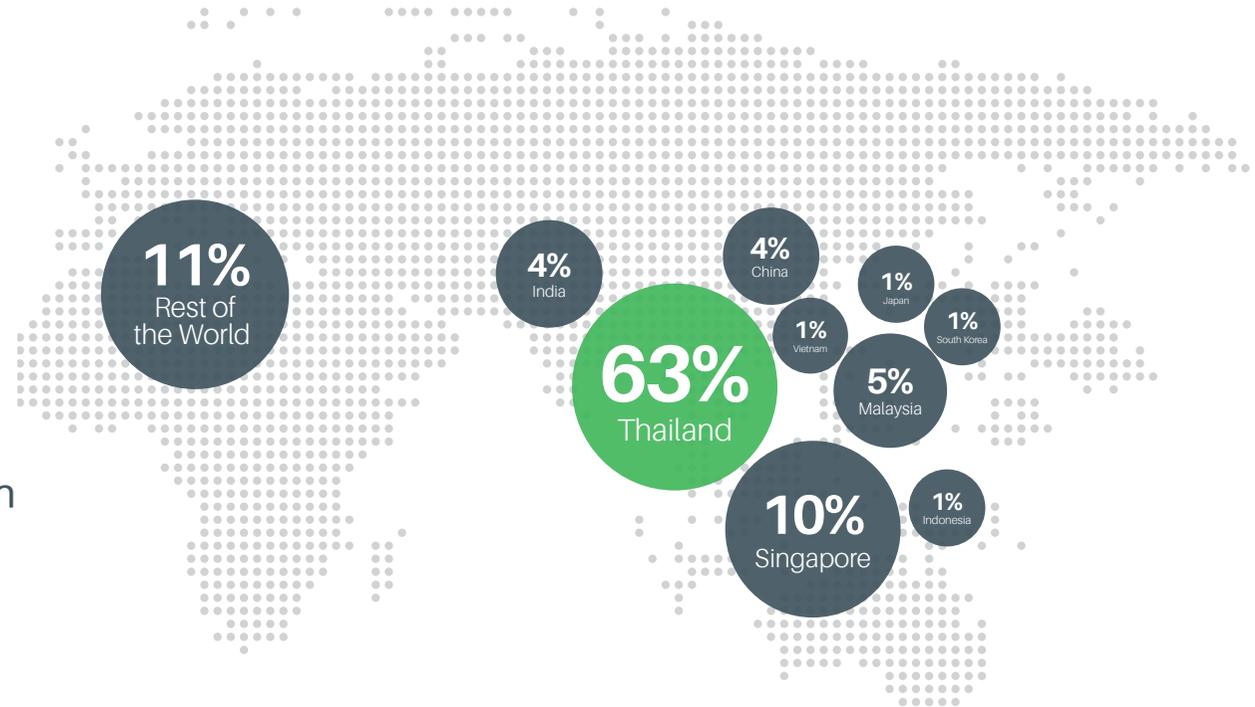

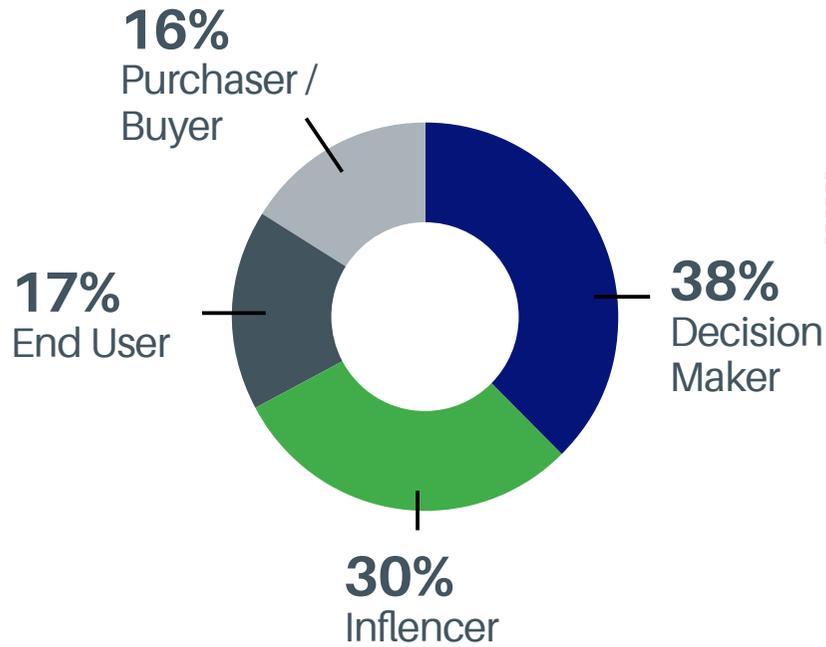

Reap the first-mover advantage and seize key opportunities by making your brand the face of a dynamic industry.

Attracting the Entire Energy Value Chain

A Global Meeting Place

Future Energy Asia & Future Mobility Asia Content Overview

In dynamic strategic and technical conference sessions, Future Energy Asia will bring together those transforming the energy sector - in Asia and beyond - to address the two major challenges facing the industry: growing demand and global decarbonisation. With Future Mobility Asia Centre and Innovation Stage showcasing industry best practices and case studies featuring the industry's leading innovators, Future Mobility Asia is this year's best opportunity to learn, share ideas, and collaborate related to the Asia clean mobility ecosystem.

FGA STRATEGIC SUMMIT

Strategic Summit

Future Energy Asia's Strategic Summit will amplify the voices of CEOs and policymakers from Asia and beyond. Across a wide range of keynotes, ministerial sessions, and panel discussions, attendees will hear vital insights into the trends, challenges and opportunities shaping the energy sector today.

FGA TECHNICAL CONFERENCE

Technical Conference

Future Energy Asia's Technical Conference will feature a diverse range of expert speakers from across the energy value chain. Conference sessions will explore the technical and engineering challenges behind the biggest issues of the day, and promote the ideas that are driving efficiencies, synergies, and supporting industry-wide decarbonisation efforts.

FGA LEADERSHIP ROUNDTABLES

Leadership Roundtables

The invitation-only Leadership Roundtables will act as an important cornerstone of Future Energy Asia's programme. Gathering Ministers, C-level industry executives, and policymakers for closed door conversations that will address the greatest global energy issues from an Asian perspective.

FGA FUTURE ENERGY CLUB

Future Energy Club **NEW IN 2024**

The invitation-only Future Energy Club is a unique business-focused VIP club connecting energy transition industry leaders, innovators, and influencers. The Future Energy Club provides space for government officials, policymakers, C-level executives, and business leaders to exchange views and tackle pressing challenges on the future of energy transition in Asia in a trusted environment.

Co-located Conferences

FMA CENTRE STAGE

Centre Stage

The Future Mobility Asia Centre Stage will host ministerial keynotes, global CEO dialogues, and offer direct access to insights from mobility start-ups, scale-ups, investors, and multinational corporations spanning the world.

FMA INNOVATION STAGE

Innovation Stage

The Future Mobility Asia Innovation Stage will deliver insights on successful implementation of pilots and case studies in the clean mobility sector. During 20-minute-long project showcases, industry leaders will be invited to inspire and demonstrate the best practices in the industry.

Future Energy Asia & Future Mobility Asia Content Overview

FGA LEADERSHIP ROUNDTABLES

The Invitation-only Leadership Roundtables will act as an important cornerstone of Future Energy Asia's programme. Gathering Ministers, C-level industry executives, and policymakers for closed-door conversations that will address the greatest global energy issues from an Asian perspective, and generate the thought leadership and insight required drive real progress towards net-zero.

The Leadership Roundtables will be held under the Chatham House Rule in order to facilitate open conversation and information sharing, and to enable networking and open doors to relationship building.

FGA FUTURE ENERGY CLUB

NEW IN 2024

The invitation-only Future Energy Club is a unique business-focused VIP club connecting energy transition industry leaders, innovators, and influencers.

The Future Energy Club provides space for government officials, policymakers, C-level executives, and business leaders to exchange views and tackle pressing challenges on the future of energy transition in Asia in a trusted environment.

Located on the exhibition show floor, the Club features a purpose-built private lounge providing a discreet space to network away from the media, alongside private meeting suites, all offering first-class connectivity and hospitality.

- Access to the business-focused lounge with 5-star hospitality and features
- Opportunity to be invited to the coveted Leadership Roundtables
- Opportunity to host 1-2-1 meetings in a private setting
- Accessible VIP concierge services
- Chance to network and exchange knowledge and ideas with fellow energy industry leaders, innovators, and policymakers

Industry Zones

The Future Energy Asia exhibition floor will be divided into four zones, which are also reflected through the Strategic Summit streams.

PRASONG INTARANONGPAI
SENIOR EXECUTIVE VICE
PRESIDENT, DOWNSTREAM
BUSINESS GROUP ALIGNMENT
PTT

LNG, GAS & CCS

Welcoming some of the biggest LNG & Gas companies in the world, the Future Energy Asia exhibition floor will invite leaders to demonstrate their role in global decarbonisation efforts and showcase technological developments in areas such as CCUS. Attendees will be encouraged to speak directly to leaders about the future of the sector and identify opportunities for partnerships and growth.

HYDROGEN & AMMONIA

Reflecting its expanding role in global decarbonisation efforts, Hydrogen will be a key feature of the Future Energy Asia exhibition floor. In the dedicated Hydrogen Zone, visitors will learn from major players across the blue and green hydrogen value chain about exciting next-generation hydrogen technologies, R&D advances, and game changing hydrogen products, services, and solutions that have the power to transform the path to net-zero.

RENEWABLES

Across the exhibition floor, Future Energy Asia will host leading companies in the solar & renewable space, inviting them to showcase their latest projects and innovations. Over three days, attendees will have the opportunity to learn about key technological developments and economic opportunities in renewables directly from those transforming the sector.

POWER GENERATION & GRID MODERNIZATION

One of the staples of Future Energy Asia's exhibition floor will be the Power Gen & Grid Zone that will spotlight the industry leaders, providing visitors with an unrivalled opportunity to learn about the exciting developments in the field, from energy storage systems, grid distribution technologies to renewable-energy integration technologies.

FUTURE MOBILITY ASIA

**FMM CENTRE
STAGE**

**FMM INNOVATION
STAGE**

Future Mobility Asia is a comprehensive showcase of all future clean mobility concepts, solutions, technologies and innovations. The exhibition and conference is the central meeting point for OEMs, mobility innovators, after-market suppliers and technology solution providers to meet, network and drive forward the mobility transition and transformation in Asia.

Presented as an integrated global exhibition and conference compressed into 3 days for all stakeholders of mobility, Future Mobility Asia will feature an extensive display of clean mobility technologies and innovations.

The Future Mobility Asia Strategic Conference "Centre Stage" plays host to ministerial keynotes, global CEO dialogues, and direct access to mobility start-ups, scale-ups, investors, and multinational corporations spanning the world.

The three-day conference will impart strategic insights, global learning, knowledge and technology sharing, networking, and business development across the Asia-Pacific region. Ministers, policy makers, OEMs, CEOs, industry CVOs, innovators, and leading research development institutes are expected to attend this conference.
