EXHIBITION &
CONFERENCE

June 11 – 13, 2024
BMO Centre, Stampede Park,
Calgary, Canada

NORTH AMERICA'S
LEADING ENERGY EVENT

[GLOBALENERGYSHOW.COM](https://www.globalenergyshow.com) #GLOBALENERGYSHOW

Stakeholder

Organized by **dmg** events

“

On behalf of the Ukrainian delegation let me thank you for your utmost support during the Global Energy Show 2022.

A separate panel dedicated to Ukraine during the Day 2 and bilateral meetings showed unprecedented attention to the issues of the European energy market and global energy security.

It is our strong belief that the discussions we had during GES 2022 paved a solid foundation not only for the further development of the Naftogaz projects but also for long-term cooperation between Ukraine and Alberta.

”

YULIIA KOVALIV

AMBASSADOR
EMBASSY OF UKRAINE IN CANADA

“

Thank you, Global Energy Show, for a wonderful conference last week. The energy landscape is changing in Alberta and as a leading renewables company, Greengate was pleased to be part of this event and the important conversations that took place surrounding the energy transition.

 GREENGATE

GREENGATE

SHAPING THE FUTURE OF ENERGY

North America's only B2B exhibition and conference connecting a diverse range of energy verticals that brings people, technology and the transfer of knowledge together under one roof June 11-13, 2024 in Canada's energy epicentre, Calgary, Alberta.

The Global Energy Show engages with industry buyers, sellers, investors, stakeholders, CEOs, Indigenous communities and young professionals to create opportunities for business, negotiations and conversations within the energy landscape.

Hosting five halls of exhibition space, two conferences and an awards gala, the Global Energy Show fosters innovation, leadership and synergy between all energy sources within 3 days.

The Global Energy Show offers participants the opportunity to connect with 600+ exhibitors, 300+ speakers and 30,000+ qualified attendees under one roof, where experts can demonstrate their leadership, innovation and drive to meet global challenges with real-world solutions.

GLOBAL ENERGY STRATEGIC CONFERENCE

Tuesday, June 11 - Thursday June 13

The Global Energy Show Strategic Conference delivers a timely agenda to address global energy pillars:

GLOBAL ENERGY MARKETS
AND LONG-TERM
GEOPOLITICAL IMPACTS

A DISRUPTIVE INDUSTRY IN
A CYCLE OF REINVENTION
AND TRANSITION

A NEW GENERATION OF
LEADERS AND A FUTURE
DIVERSE WORKFORCE

INVESTMENT

ACCELERATING ENERGY
INNOVATION

The Iceland Delegation at the Global Energy Show in Calgary was led by **Áslaug Arna Sigurbjörnsdóttir**, Minister of Higher Education, Science and Innovation and organized by the Business Iceland, Green by Iceland, and the Embassy of Iceland Canada.

The delegation met with impressive companies and organizations in Calgary and got an insight into innovative government policy and projects in meetings with **Katherine White**, Alberta's Deputy Minister of Jobs, Economy and Innovation and **Demetrios Nicolaides, PhD**, Alberta's Minister of Advanced Education. Our hope is that we continue those relationships and that Iceland, technology and services, becomes a part of the solution in Canada.

HLYNUR GUDJONSSON

AMBASSADOR
EMBASSY OF ICELAND CANADA

PARTICIPANTS INCLUDE:

 SPEAKER  GOVERNING BODY

Amy Bronson
Vice President, External Relations
Avatar Innovations

Breanne Fox
Director, Commercial Management & Carbon Technologies
Capital Power Corporation

Alex Pourbaix
President & Chief Executive Officer
Cenovus Energy Inc

Alison Thompson
CEO

GLOBAL ENERGY TECHNICAL CONFERENCE

The Global Energy Show Technical Conference brings together technical experts from around the world to present and discuss the latest technologies, processes, and innovations to help companies increase efficiencies, save costs, and achieve net zero.

Delegates will hear from over 100 speakers providing access to a wealth of critical industry-leading knowledge and networking.

The conference format includes individual technical presentations, panel discussions, round tables, and poster session on the exhibition floor.

Technical presentations are selected based on a peer reviewed process by our prestigious Global Energy Show Technical Committee who represent the top technical and project-based organizations from around the world.

400+

Conference Delegates

FEATURES AND BENEFITS OF ATTENDING THE TECHNICAL CONFERENCE INCLUDE:

- Entrance to the exhibition with over 600 exhibitors
- Access to opening plenary on day one and three days of technical sessions
- Lunch and refreshment breaks
- Official accredited CPD certification
- High-level networking opportunities
- Access to technical presentations and posters through the digital online library

TECHNICAL PRESENTATIONS WILL COVER TOPICS INCLUDING:

- Clean Technology & Environmental Management
- Cleaner Hydrocarbon Production & Enhanced Oil Recovery
- Drilling & Completion
- Field Development & Infrastructure
- Hydrogen
- Methane Emissions Reduction
- Pipeline & Processing Facilities
- Renewables
- Reservoir Engineering
- Sustainable Electricity Generation & Grid Modernization

TECHNICAL SPEAKERS INCLUDE:

Mike Tourigny
Chief Operating Officer
Acceleware Ltd.

Gene Cammack
Chief Operating Officer

WHY EXHIBIT AT THE GLOBAL ENERGY SHOW?

The Global Energy Show is the ideal platform for companies from across the entire energy landscape to showcase their expertise and services to investors and buyers looking to do business in the North American market.

With **30,000+ industry professionals** expected to attend over three days of industry innovation, knowledge exchange and networking, the exhibition provides companies the unique opportunity to maximize brand exposure to the right audience.

Showcase your products, services and solutions

Exhibiting at the Global Energy Show allows exhibitors the opportunity to sell their products, services and solutions to industry buyers and decision makers.

Reach your target audience

With 9/10 attendees being a key influencer, decision maker or purchaser, exhibiting at the Global Energy Show delivers real business opportunities.

Enhance brand recognition

The Global Energy Show brings a unique opportunity to differentiate your brand from the competition and create a lasting impression on current and potential customers.

Solidify your business network

The Global Energy Show draws professionals with strong buying power and gives exhibitors the opportunity to meet with existing connections and potential leads involved in the energy mix.

Access new markets

Connect with primary stakeholders from upcoming regions developing project plans, budget allocations, timelines and tap into opportunities to win contracts.

Get instant feedback

Engage with your target audience in a short timeframe, explore new ideas, gain first-hand product feedback and understand the trends shaping the future of energy.

GLOBAL ENERGY SHOW AWARDS GALA

The Global Energy Show Awards, now in its 9th year, shines a spotlight on excellence in the energy industry here in Canada and around the world. The Awards recognizes and celebrates leaders, innovators and trail blazers accomplishments over the last 12 months who have been at the forefront in leadership, innovation, sustainable solutions and promoting the healthy advancement of the energy sector.

The 9th edition of the Global Energy Show Awards will take place on June 11, 2024, in Canada’s energy capital Calgary, Alberta where nominees and winners will be celebrated in an exciting evening gala filled with entertainment, chef driven multi-course dinner and high caliber networking.

2023 AWARD CATEGORIES

COLLABORATIVE TRENDSETTER AWARD	DISRUPTIVE DIGITAL INNOVATOR AWARD	EMERGING CLEAN TECHNOLOGIES AWARD	EMERGING LEADER AWARD	EXCELLENCE IN POWER GENERATION AWARD	INNOVATION IN TECHNOLOGIES: EQUIPMENT OR PROCESS CONTROLS AWARD	SUZANNE WEST ENVIRONMENTAL EXCELLENCE AWARD

AFTER PARTY CONCERT

Join us on Wednesday, June 12 for an exciting concert experience where visitors can let loose in a casual setting. Organized off-site of Global Energy Show, guests can finish the busy day of exhibition and conference and head to a casual setting to network and strengthen relationships.

EMISSIONS REDUCTION THEATRE

Led by Methane Emissions Leadership Alliance (MELA) this popular and exciting show feature showcases most complete source of data, technologies and solution providers that monitor, measure, and reduce methane emissions.

FUTURE FORWARD - NEXT GEN THEATRE

Find out about energy jobs of the future that will provide solutions and innovations needed to hit our climate targets and affordable and accessible energy around the world.

PROJECT X THEATRE (PXT)

PXT will offer detailed presentations about more than 100 new or imminent Canadian energy projects in CCUS, Hydrogen, Solar, Wind, Oil and Gas, and Nuclear.

EQUITY THEATRE

The 2024 Global Energy Show is placing diversity and inclusion at the very core of the show by bringing back the Equity Theatre powered by Young Women in Energy (YWE), 3 days of accessible free-to-attend content that will highlight the successes, challenges, opportunities for diversity and inclusion, as well as the road ahead as we strive for a more diverse and fair workplace.

ABOUT CALGARY

Calgary, Alberta has small-town heart and big-city diversions. Between street festivals, nightlife and all the things to do outside, the work-hard, play-hard approach is in this city's veins.

Calgary has long been known as an energy city. Alberta is Canada's largest oil and gas producer and is home to vast oil sands deposits. Calgary is the epicenter of the energy industry in Canada with head offices of every major company in the upstream, midstream and downstream sectors located in the city.

\$18.35 Billion

MORE THAN \$18.35 BILLION CDN OF INVESTMENT HAS BEEN MADE IN CALGARY ACROSS ALL SECTORS SINCE 2015

High-Tech Workers

CALGARY HAS THE HIGHEST CONCENTRATION OF HIGH-TECH WORKERS OF CANADIAN CITIES

\$2.7 Billion

CALGARY'S STARTUP ECOSYSTEM IS VALUED AT \$2.7 BILLION AND IS ON TRACK TO GROW BY 1,000 NEW TECH COMPANIES BY 2030
