

Horti & Agri Asia 2027

The International Trade Show For Future Crop,
Horticultural and Floricultural Production in Thailand

19-21 May 2027

BITEC, Bangkok, Thailand

WHERE ASIA'S AGRICULTURAL FUTURE IS GROWN.

Southeast Asia stands at an agricultural inflection point, with Thailand as the strategic heart of ASEAN, transforming how food is grown, processed and brought to market. Capturing this opportunity demands new thinking, new technology, and new connections.

WHY HORTI & AGRI ASIA

Sitting at the crossroads of Southeast Asia's \$950 billion sustainable food economy, Thailand is a regional hub for agri-trade, logistics, and investment, and Bangkok is a vibrant host city for regional buyers, government decision-makers, and international delegations.

Horti & Agri Asia 2027 is the region's dedicated platform for professionals, innovators, and investors driving agrifood transformation.

Technology for Production

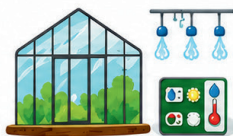

The productivity, profitability, and sustainability of tomorrow's farms will be determined by the technologies adopted today. Horti & Agri Asia 2027 brings together the full spectrum of production technology — from seed to shelf — under one roof in Bangkok.

Seeds & Propagation

- Seeds & Seedlings
- Propagation

Greenhouse Technology

- Greenhouses
- Irrigation
- Climate Systems

Cultivation & Growing

- Farming Equipment
- Crop Care

Fresh Produce

- Grading
- Standardization
- Export readiness

Agri Solutions

- Agri-Tech
- Fertilizers
- Pest Control

Post-Harvest & Distribution

- Packaging
- Logistics
- Market Delivery

EXHIBITOR SECTORS

8 CATEGORIES • COMPLETE AGRICULTURE VALUE CHAIN

01

FARM & LAND

- Indoor / Outdoor Production
- Vertical Farming

02

SOIL PREPARATION

- Equipment & Tool
- Tractor

03

SEEDING

- Breeding
- Temperature Control

04

GROWING

- Irrigation & Drainage
- Greenhouse & Vertical Farming Solution

05

PROTECTION & NUTRITION

- Disease Management
- Fertilizer

06

HARVESTING & PRODUCTION

- Crop Technology

07

STORAGE

- Drying, Silo, Mill

08

LOGISTIC

- Cold Chain
- Packaging
