Yousuf Saleem, Managing Director, Al Barakah Dates:

"IFE Manufacturing was a fantastic post-Covid platform to get the ball rolling again & it was an absolute pleasure to meet all our existing & new clients & partners after a long gap. I think everyone's missed these personal interactions & we look forward to 2023 eagerly."

Exhibitor Snapshot

James Hague, Director, Food and Drink Manufacturing Sector, Barclays:

"IFE Manufacturing was continued evidence of how important the food sector is, and the breadth of ongoing innovation designed to meet future supply chain and environmental needs. The event really pressed home the development happening at pace within the industry, and allowed me to speak directly to many companies directly on their key challenges and opportunities."
