WHY VIETNAM SHOULD BE YOUR NEXT GROWTH?

The livestock industry in Vietnam plays a crucial role within the country's agricultural sector, making substantial contributions to economic growth and employment. Livestock accounts for about one-quarter of the agricultural sector's GDP, with consistent annual growth of 4-6 percent.

ILDEX Vietnam, the international livestock, dairy, meat processing, and aquaculture exposition, has become the leading trade exhibition in Asia, boasting strong attendance and plentiful business opportunities.

LEADING BRANDS AT THE 2024 EDITION

"I think this exhibition is great. We are glad to have a Brazilian booth in this exhibition. It is really well organized. I think the Vietnamese livestock market is very broad, growing, and promising. There's a lot of potential here."

Marco Farani
Ambassador of Brazilian Embassy in Vietnam

"The Ministry of Agriculture and Rural Development (MARD) highly appreciates the role of the Organizer of ILDEX Vietnam 2024. ILDEX Vietnam is a prestigious brand in the region, serving as a meeting point not only for domestic businesses, scientists, managers, and farmers, but also for those from regional and international countries."

Mr. Phung Duc Tien
Deputy Minister of Agriculture and Rural Development (MARD)
