

U.S. EXHIBITOR DIRECTORY

U.S. Food Processing Ingredients *for Malaysia*

September 20-21, USA | September 21-22, Malaysia

Dear Participating Malaysian Companies,

We would like to extend a warm welcome to our Virtual Market Showcase: “U.S. Food Processing Ingredients for Malaysia.” Our goal is to help you establish contacts with U.S. exporters of food ingredients, including dairy products, fresh and processed potatoes, food-grade soy products, processed fruit, tree nuts, and others.

During the Virtual Market Showcase, you will have the opportunity to meet one on one with established U.S. exporters through the virtual business-to-business meetings, as well as an opportunity to participate in our in-person event. The in-person event will be held on October 12, 2022 at Connexion Conference & Event Centre, Bangsar South and the virtual B2B meetings will be held on September 21-22, 2022. On this online platform you will be able to learn more about the U.S. suppliers participating in this event and their food processing ingredients for food and beverage manufacturers. You can also submit questions to AgKualaLumpur@usda.gov.

Thank you, and we look forward to your participation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Timothy Harrison'.

Timothy Harrison
Regional Agricultural Attaché
U.S. Embassy, Kuala Lumpur, Malaysia

Virtual Trade Event organized by the

We are originators and traders of some of the best pulse commodities in the world. We believe that to do good throughout the supply chain from farmers to consumers, you first have to be good. We partner with world-class farmers whose work ethic is second to none and whose pride in what they grow goes back generations. We engage in trading many different raw, farmer-dressed commodities. Our team can do it all from sourcing to logistics. We embrace a fearless attitude and culture and work different markets, trends and commodities. We specialize in pulses (dry green peas, dry yellow peas, lentils, and chickpeas), but don't be shy- have a commodity and looking for a source?

Dinesh Bajaja

Dinesh@selectharvestusa.com
530-520-4382

Select Harvest supplies quality almonds to industrial users, confectioners, and retailers. From its processing plant nestled in California's fertile San Joaquin Valley, the Turlock-based processor ships products to domestic and international destinations. In 2013, we committed to becoming the best provider of branded/private label retail almond products. Select Harvest has added a modern, high capacity dry roaster; a Cool Steam pasteurization system; seasoning line; and highly specialized packaging facility to meet a wide range of needs. We have continued to strengthen and diversify our offerings while building lasting partnerships with companies to meet their private label needs.

Wonderful Pistachios

13646 Highway 33
Lost Hills, CA 93249

Anita Lam

Anita.Lam@wonderful.com
+86 18521303388

Cal-Pure Produce (C-P) is a cooperative that carries out branded export promotions. The cooperative was established in 1992 to market and sell its member organizations' pistachios. Product marketed and sold by C-P is sourced from hundreds of small pistachio growers. We source from 270,000+ total bearing acres in production and an estimated additional 70,000 non-bearing acres. The organization sources from over half of all CA pistachio growers- its cooperative members supplying some 400 million lbs of pistachios valued at \$1 billion+. The cooperative owns the pistachios and contracts with Wonderful Pistachios & Almonds LLC to process product domestically/internationally. State-of-the-art science and technology are applied to ensure the highest quality product possible.
