The 21st edition of Oil & Gas Asia (OGA) 2025 concluded with remarkable success, transforming the Kuala Lumpur Convention Centre into Southeast Asia's energy hub from 2-4 September. Over three days, 5,160 exhibitors and 33,306 attendees from 81 countries came together to explore solutions to the industry's most pressing challenges - from energy security and affordability to decarbonisation and digitalisation.

The 22nd edition of Oil & Gas Asia will return to the Kuala Lumpur Convention Centre from 2-4 September 2026, promising even more innovation, opportunities, and industry-defining dialogue. With bigger ambitions and stronger global participation, OGA 2026 will once again serve as the region's most influential energy event by powering progress, shaping tomorrow.

See you at OGA 2026!
