About OSEA 2027

With a 50-year legacy of supporting the offshore energy sector, OSEA stands as Asia's premier platform for industry players to connect, share insights, and uncover new business opportunities across the offshore energy value chain.

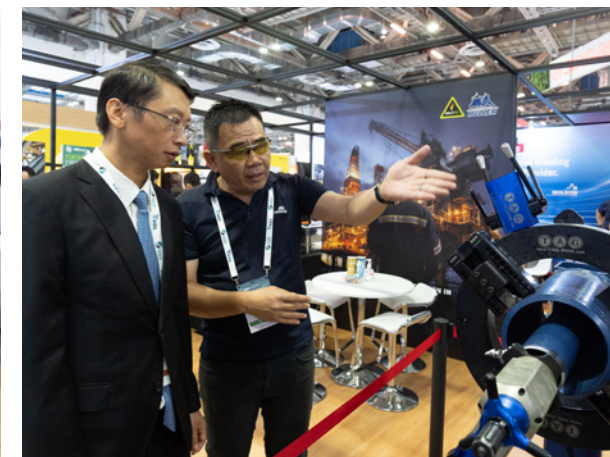

Co-located with Sea Asia, OSEA serves as one gateway to two industries, unlocking a high-impact marketplace where the maritime and offshore energy sectors converge, creating powerful synergies and new avenues for cross-industry collaboration.

Bigger than ever, the event expands across two levels at Marina Bay Sands, offering a significantly enhanced showcase with more exhibitors, content, and networking opportunities.

Championing global energy transition goals, OSEA brings together industry leaders and visionary innovators to showcase cutting-edge solutions, actionable pathways, and breakthrough technologies driving the sector forward. Through its curated conferences, dynamic marketplace, and high-value networking, the event transforms ideas into action—accelerating progress towards a lower-carbon future.

**Join us at OSEA 2027 —
where the offshore world meets to
shape the future of energy.**

★ SINGAPORE ★

Unlocking Asia's offshore energy future

1

Strategic location and infrastructure

As the world's largest bunkering port and operator of Asia's first open-access, multi-user LNG terminal, **Singapore continues to enhance its status in the global energy market.**

2

Robust marine and offshore engineering capabilities

Singapore is **home to industry giants**, which dominate global markets in complex projects such as jack-up rig construction and FPSO conversions, handling a significant share of global ship repair operations.

3

Comprehensive industry ecosystem

Singapore hosts a vibrant cluster of **over 1,000 marine and offshore energy companies, within a broader maritime ecosystem of more than 3,000 firms**, offering direct access to key decision-makers shaping offshore energy and regional development across Asia.

What to Expect

**Statistics are projected figures*

A Platform Exhibitors Trust and Return To

8 in 10 customers have indicated that they are satisfied with exhibiting at OSEA 2024

7 in 10 customers have indicated that they will exhibit again at OSEA 2027

Key activities

-  ClimateTech Zone
-  Conference
-  Country Hotspot Series
-  Executive Networking
-  Knowledge Sharing Theatre
-  Opening Ceremony
-  Networking Night
-  TechX@OSEA

Facts and figures

Top Exhibitor Profile

- Maintenance and Repair
- Offshore Engineering & Fabrications
- Shipbuilding and Repair Yards
- Power, Umbilicals and Cable Systems
- Chemicals, Fluids and Lubricants
- Instrumentation, Automation & Control
- Decarbonisation Solutions
- Carbon Capture Usage & Storage
- Offshore Support Vessels
- FPSO Vessels and Equipment
- Pipelines and Piping Component

Top Attendee Profile

- International & National Oil Company
- Engineering, Procurement & Construction
- Shipbuilding & Marine Engineering
- Oil & Gas Exploration
- Classification Societies
- Maintenance, Repair & Operations
- Oil & Gas Processing / Refinery
- Oilfield Operators
- Pipeline Operation
- Process Engineering

Top Visiting Countries

- Singapore
- China
- Malaysia
- Indonesia
- Thailand
- South Korea
- Australia
- United Kingdom
- India
- Germany

*The list is arranged in no particular order.
The above lists are non-exhaustive.*

“ It's been quite realistic about decarbonisation and new energy side but also has the traditional old energies here as well. And that together in one place is exactly the kind of conversation that is important for us. ”

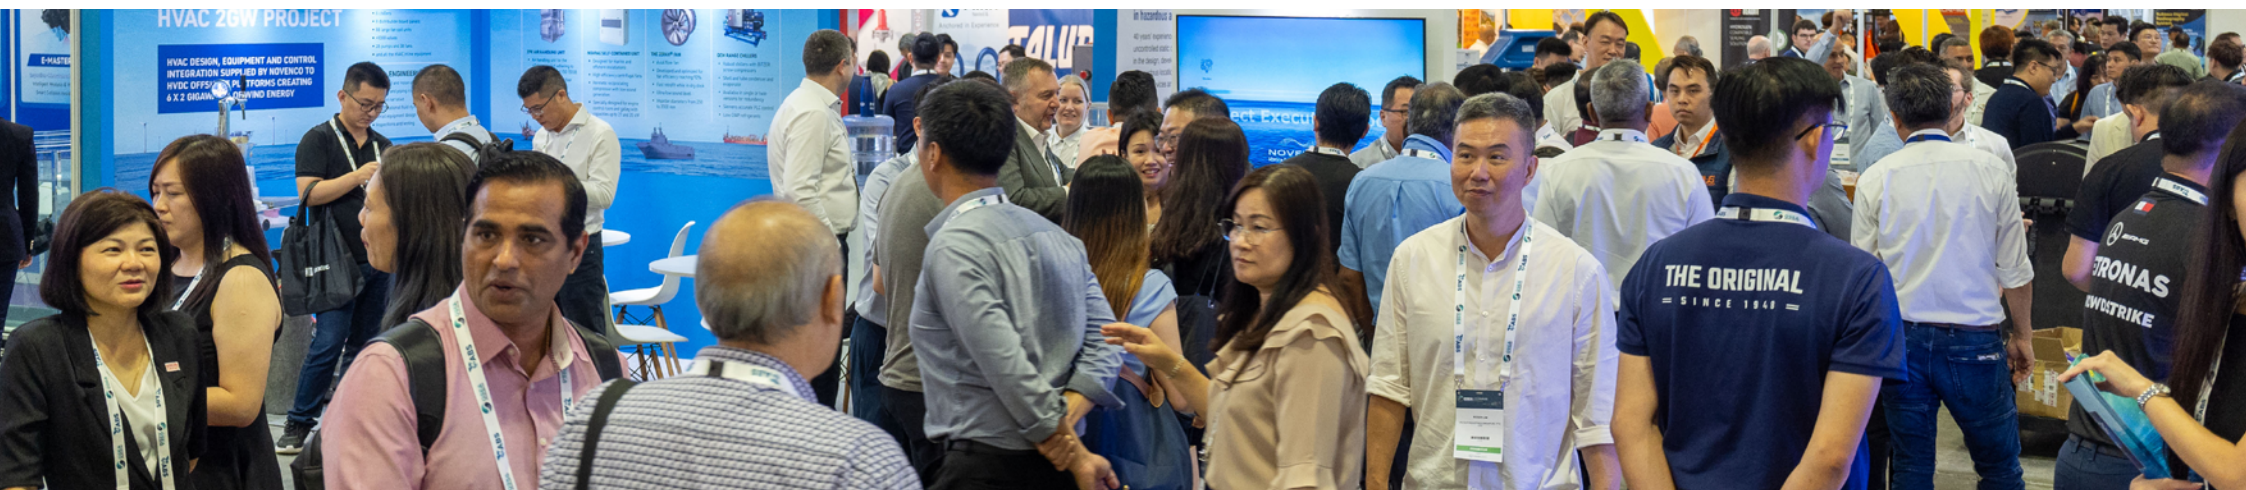

David Linden

Executive Director, Head of Energy Transition
Westwood Global Energy Group

“ Engagement from all the thought leaders, definitely very rewarding for us. ”

Matthew Tseng

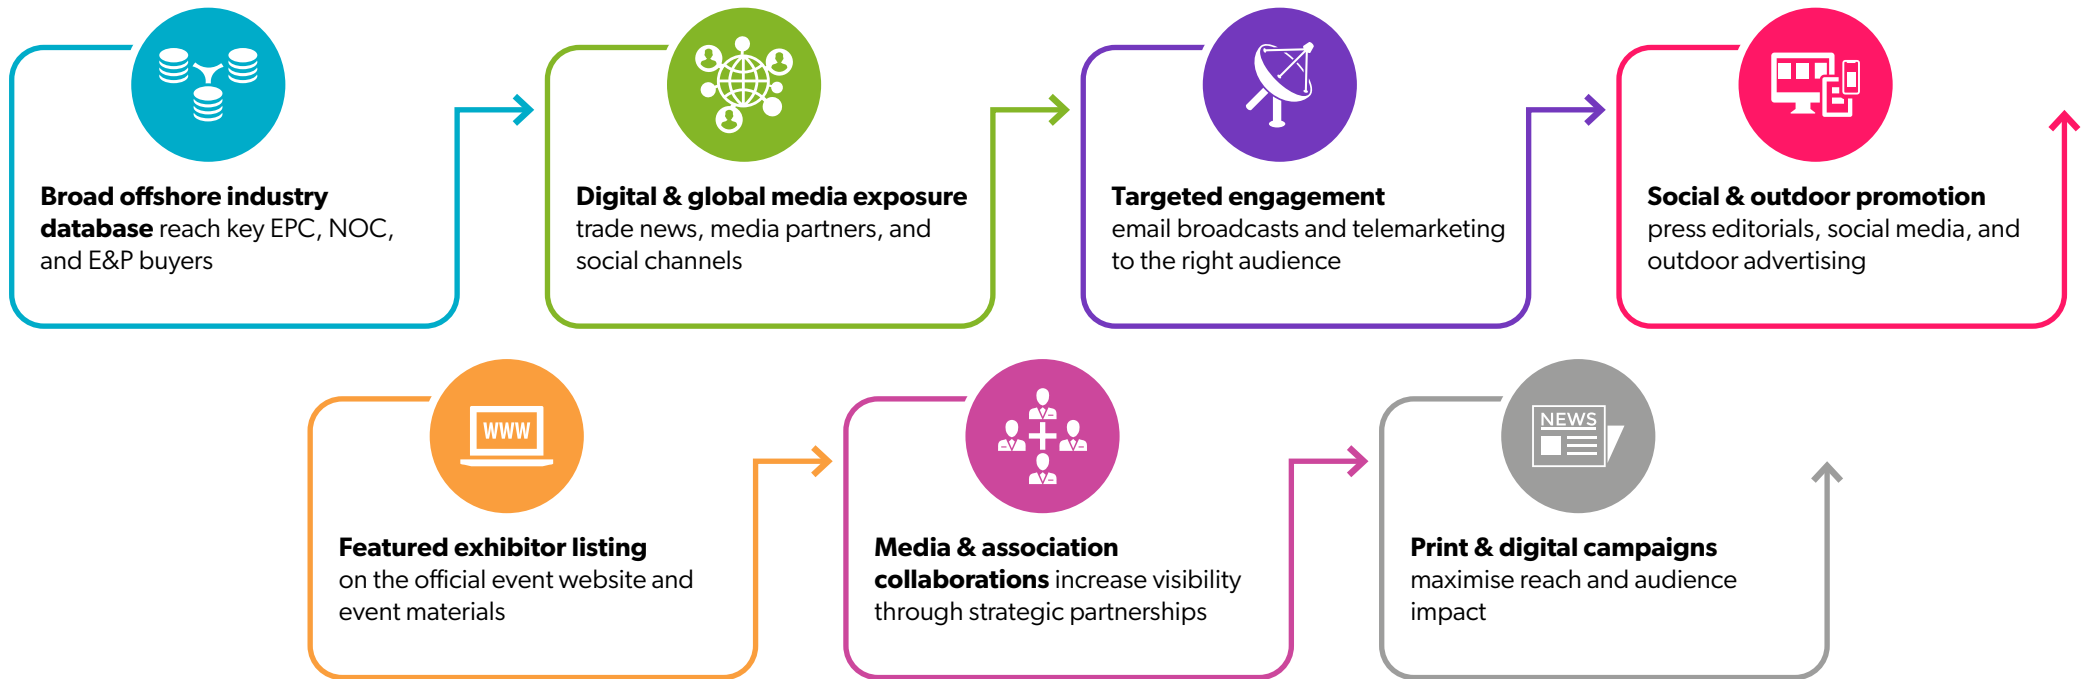

Vice President, Projects
Yinson GreenTech marine

Maximise your impact beyond the booth

As an exhibitor, your presence extends far beyond your stand. We offer powerful marketing and promotional support to help you reach the right audience—before, during, and after the event.

Tap into our extensive marketing channels:

Dedicated platform onsite to reach your audience

Knowledge Sharing Theatre

Leverage this complimentary platform to establish your brand as a thought leader by presenting insights, case studies, and solutions that engage attendees, foster meaningful dialogue, and showcase your expertise. Complementing this, dedicated exhibition floor space provides an opportunity to highlight your latest innovations and breakthrough technologies to a highly targeted, tech-curious audience, available on a first-come, first-served basis, maximising visibility and impact.

Capture Every Opportunity with LeadGrab

Turn every booth interaction into a qualified lead with LeadGrab, our official lead retrieval system designed to help you seamlessly capture and manage visitor contacts onsite.

LeadGrab Packages

BASIC PACKAGE - SGD 205

Ideal for smaller teams getting started with lead capture

- Up to 3 users
- 100 scans in total
- Easy lead collection and export for follow-up

PREMIUM PACKAGE - SGD 540

Best for teams expecting high traffic and maximising ROI

- Up to 6 users
- Unlimited scans
- Capture every interaction without limits
- Efficient lead management for post-event conversion

Advertising & sponsorship opportunities

Branding

- Badge & Lanyard
- Beverage Vending Machine
- Disposable Sustainable Cups
- Event E-Guide
- Event Jacket
- Event Map
- General Sponsorship
- Hydration
- Registration
- Visitor Carrier Bag
