- **Plan your 3-day long event and benefit from pre-scheduled Business Meetings**

" TRUSTECH has been the most important event for us since inception. Every year, leaders of the identification industry meet at our booth to exchange views on business opportunities and trends in the market. We look forward to the 2024 edition of TRUSTECH!  
**Holeger Roessner, CEO, ADVANIDE EUROPE GMBH**

For Linxens, TRUSTECH is one of the must-attend events of the year, giving us the opportunity to meet most of our customers, suppliers, and partners in the world of smartcards and identity. It's also an excellent opportunity to take the pulse of the market, discover current trends and anticipate future developments.  
**Pierre-François PELTIER-VEILER, VP Group Communication, Linxens**

As an exhibitor of the TRUSTECH show 2023, we had the opportunity to connect with the industry leaders within the field of ID cards and security documents. SABIC Functional Forms is a global leader in manufacturing high-performance polycarbonate LEXAN™ SD film specially designed for electronic ID cards, passports and driver's licenses. Our product portfolio, including ISCC certified LEXAN Polycarbonate film based on second-generation renewable feedstock, makes it the perfect product solution for a sustainable future. The dynamic presentations during the

conferences, the engaged exhibitors, and the experienced organization made it a must-attend event for anyone in the industry.  
**SABIC Functional Forms**

Covestro actively builds brand awareness and promotes innovative solutions at TRUSTECH conferences. As a leader in PC and TPU films for the identification, we utilize the platform for networking and sharing insights on the convergence of physical and digital identities. With the recovery of the ID document and security printing market post-pandemic, the demand for secure documents is on the rise. The TRUSTECH conference is a crucial platform for us, where participants unite to share knowledge and explore the latest trends in the industry. We eagerly anticipate showcasing our latest solutions at TRUSTECH 2024.  
**Daniel Hentschel, Global Segment Manager – Identification Documents & Security Printing, Specialty Films, Covestro**

TRUSTECH 2023 has been a very successful show for BG INGENIERIE and BGI GROUPE entities, with lots of existing and new customers and partners.  
**BG Ingénierie**"
