BUYER

This is my first time joining ILDEX Indonesia. I really enjoy the show. I hope everyone get a chance to visit the show and walk through all of the booths to see the new innovations for the industry.

EXHIBITOR

ILDEX Facilitated us with an amazing exhibition that included seminars and custom booth setup. It really helps us to create ideas to promote our services and products. We decided to exhibit with ILDEX because we would like to introduce our brand to the Indonesian farmers

Ms. Theresia Galuh Wandita
Farmsco Feed Indonesia

SPEAKER

We are providing technical assistant for all of the clients including feed companies or animal production companies in the region. During the conference session, I discussed about the future of meat production and sustainability. Our industry as a whole, every stakeholder is a key factor. They have to improve their efficiency to produce meat at the cheapest cost.
