VIV SELECT CHINA 2026 – LIVESTOCK EXHIBITION IN CHINA

As a flagship event within the VIV worldwide series, VIV SELECT CHINA 2026 leverages the extensive global resources and strong industry influence of VIV. Dedicated to “Connecting Globally, Building a One-Stop Livestock Trade Hub,” the exhibition will showcase the latest advancements in livestock farming equipment, cutting-edge technologies, and integrated solution applications.

Marking a major upgrade in both scale and impact, the exhibition will return to Shanghai, China’s premier metropolis, in 2026, relocating to the Shanghai World Expo Exhibition & Convention Center. This move reinforces its position as **The New Hub for Global Animal Husbandry**. Drawing on over 40 years of VIV’s industry expertise and brand equity, the event is set to serve as a vital bridge between China’s livestock sector and the global marketplace. Through its international platform, VIV SELECT CHINA 2026 aims to foster seamless trade connections and drive industry-wide innovation on a global scale.

FEATURED HIGHLIGHT

V-Match

Targeted, Efficient, Convenient

VIV Select China launched the 1v1 round-robin business matching event for the first time in 2024. During the exhibition, buyers will wait for exhibitors in the buyer lounge. Exhibitors can use the buyer introductions and purchasing needs on the table cards to find suitable buyers for negotiation. This targeted communication greatly improves efficiency and provides exhibitors with diverse opportunities to expand their business.

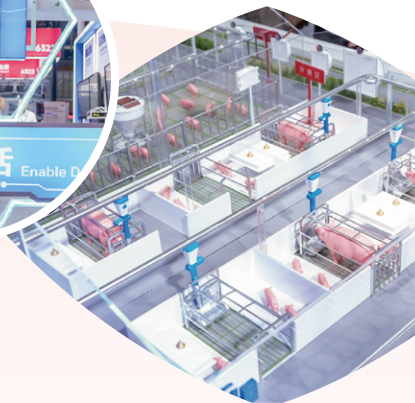

At VIV Select China 2025, there were 67 buyers from Southeast Asia, South Asia, Africa, and Europe attended the program and completed 827 matchmaking meetings with 776 exhibitors.

V-AI+ Smart Farming Area

Technology Driving Industry Evolution

Witness cutting-edge AI applications transforming diverse farming scenarios:
Accelerating intelligent, sustainable and high-efficiency advancements across animal husbandry.

Curated Thematic **Visitor Routes:** Precision-Guided Exploration

Expertly designed thematic visitor routes, enabling buyers to efficiently connect with top-tier exhibitors offering tailored livestock solutions. For exhibitors, this will increase brand exposure and attract more business opportunities.

VIV International Summit 2026

VIV Select China will host a series of exciting conference activities alongside the exhibition, focusing on core industry topics. VIV International Summit, which has been successfully held for seven years, is dedicated to serving the development of the livestock industry as well as to better serve all mankind. With an international perspective, it will provide a comprehensive analysis of key areas such as animal health and disease management, green agriculture, smart farming, poultry farming, and swine production. In addition to showcasing a diverse range of livestock products, these key fields will introduce fresh perspectives and cutting-edge innovative ideas, helping you maintain a leading position in the livestock production industry and lead the development trend.
